Re: Improving Public Safety Communications in the 800 MHz Band  
WT Docket No. 02-55

Dear Ms. Dortch:

On May 3, 2004, Laura Smith and Jeremy Denton of the Industrial Telecommunications Association, Inc. (ITA), met with John Muleta, Aaron Goldberger, Catherine Seidel, and Roberto Mussenden of the Wireless Telecommunications Bureau to discuss the above-referenced *NPRM* seeking comments on improving a public safety-CMRS interference problem in the 800 MHz band.

At the meeting, ITA reiterated its position on file in the docket as a party to the Consensus Plan. Specifically, ITA discussed the operational impact of effectuating a rebanding plan at 800 MHz.

If there is anything I may do to further assist the Commission, please do not hesitate to contact me.

Sincerely,

/s/ Jeremy Denton
